Dear Mr. Brown:

I have been meaning to write you a letter to express Saskatchewan Highways and Transportation's appreciation for Teilhard Technologies' excellent work on our IT Assessment project. Your approach, judgement and quick understanding of our department's organization and IT infrastructure was an asset when determining the move forward recommendations. Your firm has definitely provided the direction the department needed in terms of integrating and organizing our IT applications through the SWOT analysis.

I enjoyed working with you and I wish you and the rest of Teilhard Technologies all the best.

Sincerely,
